RESOURCES AVAILABLE TO YOU

As the premiere professional association for contract managers, NCMA offers a host of valuable resources available to members. Contract Management Magazine is a favorite, but other resources include access to national education seminars, training events and webinars, NCMA Bookstore publications, CM News emails, the CM Body of Knowledge, and more. Surf the national website to see what you might be missing!

CERTIFICATION PROGRAMS

The NCMA professional certification program is designed to elevate professional standards, enhance individual performance, and distinguish those who demonstrate knowledge essential to the practice of contract management. Certification is a mark of distinction and sets you and your workplace apart from others in the profession. Consider the value of certification and check out www.ncmahq.org/certification!
